Arc Angel

This is being scribed as you seek the truth of the image of what you believe. You're righting the way so others will follow. Many will come as you unfold the true knowledge. The ability to create comes from the heart but most in the earth start with where they are not truth in the heart. In this way, you make the path that grows brighter and brighter to the true light that will last. It will take many through. Not to return to the default but to the true image of Christ they'll awake and know who they are. You always create to the image you perceive, start with yourself while the heart practices what it believes. For you will always create from the one who created the image, even yourself will recreate in error. This is why it says when we see Him we'll be like Him. Responsibility only comes from love and the decision is inside you. The heart was written for the original law. It was written in eternity so that truth will lead you to who you are. This is so they will return to the original law a creative return to the cosmos declared by the stars.

PM
Scroll

There's language on the scroll, that is in a tongue.

"Blessed is he who comes in the name of the Lord. Blessings. Blessings. Blessings."

She senses that there are heavenly beings, all around us listening in on what is being read off of the scroll. She sees a bridge on the scroll – word "JOURNEY" (be ma ka ta, she ya home ti a)

"Heavenly sounds are directed through me. I am the Alpha and Omega; these sounds are to this library"

(PM sees musical notes) PM Comment: there are sounds that are pertinent that comes from the Lord that have to do with the library.

Jana sings. She believes that He is returning the note/sound and bringing healing to the land.

Prayers:

Lord Jesus I repent and renounce on behalf of myself and my family line for all the ungodly libraries that are connected with the false mind of the sons of god and the adversaries. Connected through the stars, through the windows and through the ungodly libraries to the depths, creating a false image and false treasures of darkness in Jesus Name.

I repent and renounce on behalf of myself and my family line for using our creative abilities to exchange the glory of the incorruptible God to images that are corrupted.

I renounce and repent for buying into the false doctrines, the false prophecies and philosophies of man, false teachings that have been stored in the ungodly library. I also repent for being argumentative and contesting, and for being legalistic and for teaching such things.

I renounce and repent for all ungodly illustrations written in the books, from a poor self-view. I repent for myself and my generational line for not being renewed in the new self. The true knowledge of the creator God.

I repent and renounce for all false mathematical equations, corruption of the elements and the DNA. I also renounce the false headship and I ask to be connected the headship of the Christ. I also ask to be connected to the head ship of Christ. I also ask to be connected as a pure bride of Christ dressed in the robes of righteousness.

I repent for those in my family line who used intimidation or corrosion to force others believe a certain way based on my opinion and not the word of God.

I repent and renounce for all ungodly sounds and vibrations connected to the ungodly libraries. I repent and renounce for hiding my lamp under a bushel and not sowing a harvest. Lord will you remove of the excessed I have received in judgement. I repent and renounce for receiving and believing opinions that were false, that helped to make up false clouds. Lord please disperse those clouds and ungodly words. Lord remove the opinion of all ungodly council in my generational line who collaborate together to speak falsehoods that are not based upon the word of God. I repent and renounce for not taking care of what I listen to and then by my own standards, it was measured to me and more evil was given.

Lord I repent for allowing Your truth to become so diluted in my life that as Your salt on the earth I lost my flavor and became no longer good for anything other than to be thrown out and be trampled under people's feet.

Lord I renounce and repent for feeling the power of these ungodly libraries and because of a lack of discernment I place my trust in this ungodly power instead of weighing it against Your word. Lord please disconnect me from all ungodly thrones that have powered these false words and persuasive words. I renounce and repent for the pride of life and for attempting to sit on those thrones. I repent for trying to rule based on false opinion and false knowledge. I repent and renounce for listening to gossip and for speaking gossip. I ask You Lord to please remove all that has been recorded in the ungodly library and break all consequences.

I repent and renounce for growing weary of doing good and agreeing with a culture of deception and a luciferin mindset. Lord would you please disconnect us and our generational line from the anti-Christ system that is documented in these libraries.
