

Message from Persis - July 14, 2017

"Webinar webinar

what is your web-nar

People come from afar

Taking time to call on Me

Seeking wisdom, answers to

What about the universe & you

As you spend time in prayer

I will transfer you there

Revealing new secrets of what all this means

As you search for the meanings of Me related to you."

Some of these "secrets" may be in the newspaper

Nar nar is slang for gnarly, but I only got one "nar" I questioned it, & I did not sense to remove it.

For what it is worth

Much love,

Persis
