Academy

We discern a cylinder which looks like an organ pipe,
It seems to be inside of a being called time
The letter and numbers are moving around
It's rotating, equations are there

What is the purpose of the being called time

It's tied to the ancient path

We are supposed to understand something about time

Alignment is strong, timelines

Time is sending out a vibration sound connected to every living thing

Is it rotating so that when it hits the proper lineup it opens

Time is a tool,

Designed to make sure you are in the right position in Kairos, guide you through the river of the water of life

Supposed to be time is a tool, we are not supposed to be a victim

Time is an event, it's not how we think of it

Father is this time to help us to correctly align with the events we are to nail down?

Our individual streams came together for this event.

How do we interact with this being?

Take, take time, what is the practical tool to use?

Gal 4:4 but when the fullest of the time has come... Kronos

Bring the right time into the defiled time we are living in

"defiled time" how is time defiled?

Redeem the time is strong

It's about obedience and disobedience how we have used time correctly

Is it about the church, eklesia redeeming the time

Brian – the way this is written out – verse kronos them redemption – is that when we switch to Kairos

Is time connected to Delta?

Something about changing of time and seasons – feels the draining of time – like a sieve

It is exhausting, like the drain of time affects me physically. What does that mean?

It's like a pooling again, we are losing time, we are going to miss the Kairos events.

Lost time, when we had the earthquakes, Japan and Australia the earth actually moved on its axis and sped up

Job 2:25 – I will restore to you the years the locusts have stolen

We are supposed to be hitting points in our time

Paul feeling the rulers and feeling healing

Rulers make declarations and are declaring over time

One ruler that holds healing, is the ruler waiting for us to correct time so healing can take place?

Paul said to Brian there is like this flow of time, going into the realm, going into a black hole, depths. Someone is diverting the flow of time, Brian said 38: Hez sickness and recovery, Time was redeemed after he repented. The lord will do this thing – turn back 10 steps. Is there a repentance or something we need to do of the Lord that has powered this diversion? Paul said yes Brian

Ruler has a message of declaration. Lady shared her story – like a parable. Ruler feels really good.

Agreement on earth that needs to take place on earth there is a declaration that needs to be made.

Simon – stolen time needs to be redeemed. I declare my stolen is redeemed by the blood of Jesus Christ and I will function in correct time I will not be the victim of time but I will function under the Lord Jesus Christ, what locust has stolen will be returned restore the flow of time lord do not allow it to be diverted any more by the enemy and our own flesh

Choking on Brant – we need to renounce and repent on behalf of our society, for agreeing to the roman time for roman gods of days of week, months and not adhering to the Jewish time which is your time, not adhering to the cycles of feast, cycles of the tribes, cycles of the Jewish months – that is what diverted time.

The flow of time changed – healing of the flow and healing in the flow of time
Healing has to happen at specific time

The diversion was our agreement with the Romans – Constantine did that
Is the flow of time going to this object the being is holding – Paul thinks it's coming out of
Are the rulers connected to it and declared to what it's doing?

There is healing, water is coming out of the cylinder, Rulers are lined up correctly
Ruler he has healing, the healing is flowing from the ruler into the stream of time
The flow of time is flowing, it is designed to bring each of us into Kairos time
Does the being function to correct our journeys into Kairos time?

This is Delta time. Which is the correction or speed with which it changes.
