Jana before coming

There's a cosmic entrance to the zero point energy. follow the courses and connect the joints one upon another that emanates the power. see when stars collide they are speaking of time in this hour. A veil of equations a numeric Force that connect every dot & Tittle. for your voice. These Treasures laid up in the Deep covered by Darkness will reveal and heal the need. The unsearchable depths of God .stay on the chorus for the healing from the law.

Stay on this platform Guided by The Winds of time. From Heaven to Earth and Earth To Heaven all will align.

*Ancient, old scroll been on a shelf, fire coming off the letters not the scroll, musical notes  
Threw the scroll and opened it up,*

*Musical notes, words that she can't identify, did not know the language  
Ancient of Days, writing is circular on the scroll, something to do with the heart,  
Matters of the heart, Deut – love the Lord with all your heart, sees halleluiaah, scroll is moving,  
really old hieroglyphics, Psalms 104:2 and Daniel songs of ancient of days  
Depth to it,*

The deep things of God are profound, it is good to look deep into the kingdoms or things of the kingdoms, kingdoms of God, my grid is an extension of that, the beginning of time the end of time, hallelujah, halleluiaah, halleluiaah!

A godly collective with the sons of God with the Mazzaroth. The stars sang  
The letters are burning into the walls, wherever the scroll is, something about an unveiling,

*it is all over the scroll, it is layered, tied to discernment and senses and means door, we are on  
the right track. Halle means window, Moashat – what does that mean? Senses the scroll is  
running through the room,*

*Submit – we are in the scroll and the scroll is throughout the room*

Discussion:

False glory is covering Kairos, light, sound,

Babylon built a tower into the heaven taped into false glory and false unity, it was unity, because this is the mystery of Babylon ungodly unity. That is the covering. It is a false kingdom, and counterfeit. The mystery of Babylon was ungodly unity and false glory. They actually used a spiritual principle to establish the wrong kingdom. It was so obvious and it is not a mystery anymore. So, there was a level of unity that had never taken place and since and that's why the

enemy works against unity. Matthews 18 is the lord teaching us how to maintain unity. The lord said I am going to divide your language and the devil said I am going divide your church. Revelation 8: 11 Flow and contamination of flow. Does this have something to do with the sound? The shield of unity, when you get a lot of sound you get that shield and it can be ungodly or ungodly. Adam and eve lost the covering. His covering was the glory. John 17 the world will know that God is true because of the unity of the body. It's all about unity and time. Psalms 133 how good and pleasant it is etc. because the ? oil flows. You will have revival when my people come together in unity. The pastor said it will never happen. Example Uganda of getting all the denominations together. What is interesting is what is happening is this reparation to break past what we have been taught. I think a component is the willingness on the other side of this instead of this is what we have always done. We have used the word out of context, the word breaking through the walls, breaking through the walls of the confinement structure of the church. Crack the code with the numeric sound. What about blowing the shofars. What is the star component? The godly collective compared to the ungodly. It's the human collective that destroyed the glory which resulted in a cosmic connection. It's what the humans did. Their unity in Babylon that covered the Kairos time and glory. The issue was unity. They came into agreement and worshipping what they knew that brought them into unity. They agreed not to worship God. The Key is the agreement. If we go back in time we will link up with ancestors from Babylon. So, could it be their agreement that caused us to come out of alignment. Kabala discussion

Comment [PC1]:

Paul has a rod in his hand. It is a scepter, or measuring rod, like the bronze man. It's like a cloth and there may be movement, banner or flag. It is like a sheet of water, membrane, veil,

Janna it feels jellish, it remains on her. It's goeey, it's slime. Paul determined it was deliverance. Paul had everyone walk through. Paul said sound is getting loud. Everyone walked through.

There is covering on the flow now. The Gate Beautiful is the right time gate, means healing. There is healing on the flow because Jesus walked by the Gate but Peter healed there.

The scroll went around the room the letters on fire burned into the wall. They are all instructions, 1. do not settle, 2. elders lead their young and the third 3. "life".

Anne shared - thought the veil was goeey and did not want to go through. Paul asked is there some part of her that was afraid to go through. She was six. She heard fear of man and fear and the glory. Something dramatic just happened. Healing happened, stillness and peace. Isaiah 43: 8 The lord doing a new thing.

Barbara Eph 1:7-12 - as a plan for the fullness of time to unite things on heaven and earth. The two mysteries is two things one is unity in body and Babylon. Kairos is time. Fulness of time. Heaven is plural and so are things. It is heavens.

We are being delivered of the ungodly realm.

Discern Michael

Michael and Gabriel would take them into the dimensions for several years, tour guides  
Michael means like God, Gabriel means God is my strength  
He is the protector over Israel

Barbara – my eternal children my eternal children you cannot fathom the love I have for you,  
When you reach for my hand, and let me guide you I take such pride in it,  
When you listen to my voice when there are so many others screaming at you I am proud of  
you  
When you do as I say and go where I say, I am so proud of you  
My eternal children I am so proud of you, I will raise you up so that you can see the stars and  
the moon, all the planets, I will raise you up to see it all  
My eternal children I am so proud of you,

Janna -

Each one of you are unlocking your scroll, you are learning from the original creation for his  
intention to be known  
Not one word, will fall to the ground, that won't accomplish his love, it is for now  
You are coming out of a delusion of time, to think it's yet to be when it's already arrived  
I have unveiled the unlimited, realm of God you can do all things in him, you believe who you  
are

Blue lady - I see is an angel and he is standing over us with his wings extended with his wings  
covering all of us. We are being sheltered under the wings of the Lord. He is very tall, far above  
the roof, his wings are extending far with a big covering over us.

Bruce – tissue box - take one word out and another is waiting, speak

He is doing something, pictures of DNA, RNA

Abide in my word, I will reveal my wonders, I will shine through you, I will guide you by my  
mighty hand, I will shape you and I will mold you and I will make you into who I have called you  
to be

My passion and virtues run through your veins I am you and you in me the triune God.

We fly, we hover, we dance, called up into the heavenlies.

Disunity is being removed as a group.

The death structures are falling.

There is something about the complexities, when we get together, the enemy has removed like dynamic. You know what it is, it is the racial dynamics. Its racial conflict. Racial divide – the enemy has made a construct it could be a lattice

I saw colors, I saw brightness, sound and movement. After you said the unity, because the room has male and female, ethnic groups, multi-generational groups this pleases me profoundly, I love all my People, the variations and it brings such pleasure, its unity.

Pillar landed, just landed, leg, is it a leg to a table, column, it's evil, ungodly portal, dimensional, it feels bigger, centrifuge. Ungodly centrifuge to separate the races.

I feel the spirit of prophecy is standing right here.

She saw the red gem on the ephod, she thinks its saying behold don't you see Ruben don't you see what I am doing, don't you see what I am doing, I fashioned you, I fashioned you all, I have considered your ways, don't strive,

Now there is an angel near Millicent - God likes me, he is pleased with me and wants to honor me

Glory of God is for us to manifest, it is our very life breath, it runs through us

Do not be ashamed, join me in the victory, march together,

Glorying is unifying.

Along with the protection, the Lord said we have the covering of Psalms 91 over us because we have set our love upon him, he will deliver us, and he will set us upon high because we have known him by name.

Us working together is the real grand unification theory.

Barbara – keeps hearing – glory halleluiah played again. Battle hymn of Republic played, we set men free

I want all of you to take off your shoes because I fixing to take you higher.

Love and it's I cor 13:9 Love never fails
