Rob on phone

In a fort night I will begin to change the very expression of Christianity. Can a nation be saved in a day? Am I not able to do that which seems impossible. I am coming like a fire to burn away the existing structure of my church worldwide. It will be violent for the kingdom of God is taken by force. As you know Paul the Kingdom of God is not a matter of talk but of power. I am releasing power back into my church but I must breathe upon my dead ones for the church is full of orphan sons and daughters and just as Elijah went up into the upper room to revive the widow's dead son I am coming to breathe new life into my sons and daughters who are dead. New life, new life, new life. I am reviving my bride. I am reviving my bride. I am restructuring my church and I will not rest until my gatekeepers get in sync with my heart for my bride. It is not their bride it is my bride. I will release the fear of the Lord back into my church. There will be awe and wonder again. The stronghold as you already know is control. My gatekeepers will soon learn that they need to take their hands off of the steering wheel and they need to let me drive and direct my church.

God speaks through delta to Rob:

"The train is moving! Hop aboard! That's why you're in training ha, ha! There's an outbreak of healing. It's the pool of Bethesda. I'm looking for vessels of love who are in unity to flow through. Lake and Wigglesworth experienced only a smidgen of what I am about to pour out. The Lord says 'plug' in!"

Message from Archangel Michael, in the Kingdom of Heaven

I am asking and calling for a conscious desire of the mind shift a mind shift

To untwist to undo what mankind has done that has pulled away from my incorruptible seed

Leaning not unto your own understanding but leaning into Me

That I may open the dimensions for your eyes to see

Unhook unhook unhook from all that has pulled you away

Unhook 3x I am calling for the new way today

This is what it was meant to be this is power come from Me this is power to go forth

That you will open prison doors heal blind eyes open blind ears raising from the dead...

Look to me only Me unhook from the world system to be free

Sunday Service - message via Pastor Rob

This is the day of your breakthrough

Just as I brought people out of Egypt on the wings of My love

I am going to begin to bring forth not only this congregation but this state out of Egyptian captivity into the Promised Land

You will leave the shores of this island in many canoes and go forth to the nations of the earth releasing My glory for the Kingdom of God is here. I release it now.

Will you receive it? With a heart of David?

I will destroy addiction in this state

Deal with hopelessness and divorce and family disarray

Sweeping through releasing the Father's heart

I want to mother and father the land

Men and women with a heart like David released

Like Isaiah who said, "Here I am Lord send me."

Go to the streets, the nations of the earth

Waves of breakthrough have been sent from heaven.

Islands get out the surfboards and get on a wave for a tidal wave of my presence (is coming).

It is not what you thought it would be.

Release control to Me

Rend your heart to Me and I will rend the heavens and come down

Do not be afraid

You call out to Me for decades to send My glory to the ends of the earth

I give you My heart

You need My heart

There is a geyser of living water that is rising up out of the land and My people in this house

The weapon that brings the enemy down is LOVE

You must have My love moving in and through you....My burning love

Archangel – Sealer

Foreign language for You have been weighed and measured and found wanting (writing on the wall Nebuchadnezzar). That was said of us the church but God is declaring we will not be called that but we will be healthy, fullness, abundance, sufficient – full of God's glory no longer in lack.

God is sufficient – Rob is going to receive more of sufficiency from God

God is releasing heuristic memes and they have to do with timing and the Subaru star cluster is involved with release (7 stars)

- Heuristic meme – passing down a way of solving problems

Hearing the words – ORBITAL EQUIPPING

Written tongue interpretation via Karen Lewis

Fire is coming down

Down the mountain from Zion

Glory is going around

My glory my glory shifting changing rearranging penetrating thru barriers, walls blockages, unseen now seen, lifted veils rent

Those things considered dead now alive

Kevin Wada speaking through the Rainbow Angel

I'm drawing my church back to me  
I'm changing it up, come up higher  
Leave the old behind, focus on the new  
This is a new season  
Supernatural is going to be pouring out in even greater measure  
Come up to the throne room so I can give you the gifts and the dreams  
My strategic plans to advance the Kingdom  
It's time to not be afraid but to walk with Me, to talk to Me, to see My face  
We will support Israel, we must support Israel, despite what the news says, despite what the media says  
Focus on what I say, they are My chosen, they are My beloved  
Present(?) to me, I can take you up higher and higher, and greater measures  
The old has passed and the new is coming  
I am going to pour out more of my love upon My people  
The world needs to see My love, My love, My love, in order for revival to happen  
I've been waiting for My people to arise  
I've been waiting for My people to take the step of faith, coming out of the Christian closets  
Take those steps of faith  
Have I not shown you enough evidence?  
Look at what is happening in the world today  
How much more signs do you need?  
We need to walk by faith  
Spend more time with Me and I will give you the plans  
For each and every one of your lives and corporately for the Kingdom  
It's going to be more intense but do not fear because I am with you every step of the way  
Don't you see My heart, so many people are perishing, so many people are going to hell  
I will use you if you want to be used  
You are My heartbeat  
Don't let My people perish  
Don't let My people perish  
I love My people

Leslie Kahihikolo continues....

Don't let them perish  
I have called you for such a time as this  
Rise up and go to the nations  
Rise up for this is the time  
Do not delay, do not delay, do not be afraid this is your time  
Don't let My people die without knowing Me

Prophetic word from Jana Green several minutes after the afternoon session confirming what Delta spoke through Pastor Rob:

Promises promises who got the promises? The resurrection power has begun. A hope that is sure and that is already won promises that are not based on the past but a hope that will endure and the power to break lack. It's a view of the things He has told you before they have happened. It's the power of the age to come without deception. You are redeeming the time now, a divine editing will align. This how it should be not just a matter of the heart but the heart to change matter to recreate and break the patterns. These are the Overcomers the ones that innovate a ruling and reigning tribe for in Hawaii it won't be denied.

We the people the body talking to pastors – I repent of the high critical spirit within us. I repent for having a victim spirit of having to push forward and not taking new perspectives or not taking in others not being a body, I repent of that now.

Angel Unity - we as the church there is a new connection or relationship flourishing. What seeing thru the angel is that person who had that angry spirit toward the pastor – taking off that spirit and connecting the hearts being bridged together. New things are coming out of that, new light from church body and pastor bring new light to the atm. Bringing forth generational change. Giving new generational light for church that will emerge with the bridging and the walking thru (don't know what). Both have equality in power. Feels light.

I AM

Miracles manifesting

All of this is your rightful blessing

Delta Time Rob moving into apostolic office Lines of inheritance (Psalm 16:4) Lord doing a deliverance – delta time is releasing us from our entrapment on earth and in time

You are trapped in cycles of time

What is the definition of a cycle – series of events regularly repeated in same order

Time loop

Stuck in a time loop or cycle

It is my power that will break you out of the time loop

It's the wings
