

River of God

+River of God -3/3/17 at lunch at La Casitas and took Donna home with Micah. I felt dimensional shifting and suddenly felt the river of God flowing from right to left. I the Cross of Christ in the river on my left had side like suspended in the River. 3/15/19 Now feel river like two bolts close together in the center of where I feel "I Am". Now feel it like two bolts where I feel I Am

With Rodrigo. First felt this last night and could feel deliverance. Feel river just right of where I feel the living stones on the left side of the top of my head. Sees yellow flowers at bottom of river with purple fish. Small pines tress on either side of the river. They are small because faith and ministry to people have kept them small. Yellow is life. Purple is health and movement. Tied to healing. Healing to nations.

River seems to vibrate. See small little waves. The session started off with deliverance off of the glorious ones and the pillars.

Just the meaning we got from God from the vision **during your session** is the following:

- Lilac colored fish mean health and movement.
- Yellow flowers under water mean life

River of God – new type of deliverance, clean off connection to the River.

Paul heard "estuary"

Definition – **"An estuary is a partially enclosed coastal body of brackish water with one or more rivers or streams flowing into it, and with a free connection to the open sea. Estuaries form a transition zone between river environments and maritime environments"**

Dream of Duncan – car windows shattered

- Affect perception

- Obstruct a clear view
- Dangerous to proceed
- View is skewed bec windows are shattered

Is there an interface between a person and the River of God?

Our opinion, perception?

Stream flows from us out of our soul and the water becomes brackish due to perceptions, opinions, views that are ungodly or misconceived.

THE RIVER HAS TREES ON EITHER SIDE WHOSE LEAVES ARE FOR HEALING

Does contamination from the soul cause brackish water? and consequently prevent our healing?

Proper orientation should be:

God – spirit – soul –body

Where do the rivers of living water flowing from belly come from?

Our spirit

Hypothesis:

If our perception, ideas, theology, views (ie: broken windows) originating from our soul cause the river to become brackish, it can be concluded that

this would impede or prevent our healing and/or life.

LACK – WANT – NEED – EXPECT

Conclusion:

We have operated so long without healing that our perception has become skewed and instead of remaining in faith and trust (opposite of insecurity???), we pollute the very water, with the attitudes or condition of our soul, that would be necessary for our healing by making the River of God brackish. We lose faith that we will ever be healed. Hope deferred makes the heart grow sick.

Paul felt the Glorious Ones – this is also tied to or connected to the light.

Prayer – to remove perception of insecurity that was affecting/polluting the river (car is mine/broken windows/passed to Duncan)

This is a different type of deliverance.

River Flow:

River of God flows upstream

River of God is under throne

Our river/stream flows up to and joins the River of God

If our river/stream is contaminated with these perceptions, views, etc, emanating from the soul, and our river is flowing upstream to join the River of God, is there a point at which the brackish water reaches a STOP because joining the River of God would bring pollution and therefore not be allowed any further?

Would the result be that we never make it to the throne of God?

Psalm 46 – **need to look at the original language**

“There is a river whose **streams** make glad the city of God, the holy habitation of the Most High.”

Are we the streams?
