“If you go out and come in, you can feel the difference.”

“I see lots of Gold, better than 14k of an angel. A Large Angel”

“A large angel has a sword and there is something on the sword and its over California “ Tina

Jana “ What did you come to see, who do you say I am. If you ask me, Ill give you the states and the nations, California holds the key, My house will be holy. And I am shaking the trees. So the bad fruit will fall off, and the good will remain. And she will know she is free. What did you come to see. Ask me for the good way. The ancient path. For the good shepherd will meet all your needs. Pay attention to the windows. And to the branch. I will gather what has been scattered from the ancient path. The old will be new and the new will be old. On this mountain you will weald the sword. And the whole story will be told. Platforms of justice to take back what was lost. To shatter the gates of bronze, and to heal from a place of trust. Seeing is not believing but believing is seeing. To discern how it should be is the original design to believe you are chosen before the foundations of the earth. You hold the record to redeem from depravity creations, design of how it should be to heal the land and to take back what is mine. You will show to the rulers and authority’s in heavenly places. Each level holds a platform of justice for ruley that needs to be made, a suddenly of righteousness will heal the courts in heaven so the earth will know and righteousness to be claimed. You are the rightful wisdom of God to know each other of who you are though you see dimly ...you will know who are chosen who you really are.

And the reproach is now, for what is hidden will be revealed. And what is secret will come to light. They will all come with unveiled faces. They will come into a place of Christ and be healed.

Holy ones

It starts in Fresno for the move of God those that has been held back who broke the law. They call themselves mind but don't know My name. In the past they have known you. I will make a better way. I will summon those who don't want to be exposed. I will remove them from the influence of the accuser. So the rest of California will know. For California holds an edit for redemption that will not be denied when those who are called by name have heard from heaven and I will heal what is mine. Love is the answer but justice and righteousness hold up my throne and lawlessness will be taken out of my church so true glory is known. I have talked to you in the night seasons about the rhema of God to cry out but my law is love and I will restore what has been held back so times of jubilee times time and one half. Think of multiplication that is how much you are taking back. This is not the time to shrink back for what is being established in the ancient day court is the establish law and justice, is the fruit of love and my commandment will be known in the hearts of man.

Stars are coming in for this will be recorded in heaven and He will heal the land. Though the ruling is through the government but the church is where I will change the hearts of men.

A clock- doing a new thing in this season. I am rewriting destiny. There has been false prophecy spoken over people in this room. He is making crooked places straight to His plumline. He is sealing this land, uprooting deception so the false prophets that were sprinkled off this land and try to lead people astray. I am going to remove veils. The spirit of truth is coming into this land. I see judgment coming against the lies of deception of people. There is an awakening of God's people coming. See children of God crying, wailing. You will not be bound by time. Things will be very quickly restored. The deliverances is coming to His people that will realign to the plumline to the healing and restoration there will be rebirthed to their destiny
