

I renounce and repent on behalf of myself and my family line back to before the beginning of time for listening to and aligning with ungodly sounds and in any way coming into agreement with dissonance and disunity. I renounce and repent for buying into or accepting the enemies corrupted version of the seven spirit of God or the seven eyes of the Lord. Lord, please remove any contamination off the righteous seven eyes as they manifest through my life, so that the sound of the Lord may go through the ends of the earth.

I repent for honoring God with lips while our hearts were far from Him.

Father, Son and Holy Spirit I acknowledge that you are the Master conductor and that You determine the time signature of the sound movements of my life and the composition of the notes of my life. Please remove all ungodly “star” sounds in my body, soul and spirit and correct all ungodly dissonance so that my body, soul and spirit now emits the correct sounds that are to the Praise of Your Glory.

Lord please recover my light sound and birthright that has been stolen and trapped in ungodly stars and false sound, frequencies and cycles.

Lord, please retune, realign, or replace the sounds and vibrations of any of the three chords connected to parts of my body, mind, and soul which are out of tune.

Please release palmoni to set the correct vibrations in my body, soul and spirit back to Your original created design. Lord please cause my living stones to vibrate to your original created design. Lord, please restore Your proper chord structures in my life and family line.

I repent for any participation in ungodly worship through music, rhythms or dance. I repent for listening to ungodly worship. I repent for all use of music as part of ungodly sacrifices. Lord, please break all ungodly ties between me and ungodly beings that were established in any way including through ungodly worship. Lord please replace ungodly beats and rhythms with Your heartbeat.

Lord please align my God given song to the symphony of Your body so that we are of one accord.¹ Lord please release into me the correction of sound that took place at the Cross. Please release into me the sound of every word Jesus spoke on earth.

I declare I do not want to be aligned with the ungodly olive trees, the ungodly branches, the ungodly spigots, the ungodly golden pipes and the ungodly candlestick. If this has affected me in any way or is affecting my correct position in time please disconnect me and correctly align me to the olive trees, godly branches, godly spigots, godly golden pipes, and righteous candlestick; position all of this in the correct time.²
