Michelle: Saw a branch which seems to be contaminated with a blend of color in it. It was marbled through it. It was grafted in. The contaminated seed.

Jana: The leaves are for the healing of the nations which are the households (families – malachi 4) will block

Where the leaves are produced are from the branches.

Jana: The trees should be fed from the four rivers of God. But many were misled because of what they saw. It was a cedar of Lebanon. It had beautiful branches and very high and adorned. The same waters made it grow. But the planting of the righteous were not set apart because of the high and lofty one, contaminated their hearts.

And because of its greatness its roots spread out and all the trees of Eden were in the garden of God and jealous for this high and lofty one. It caused the trees to reproduce against their own kind. It caused division as its branches spread abroad and they left their own purpose behind.

And its branches were fallen and all the trees by the waters may not be exalted. Their statue came down because they set their idea above the clouds. Nor their well-watered mighty ones stand erect in their height because they've all given over to death and

It was the earth beneath among the sons of man with those who go down to the pit and listen to Sheol's demand and the Lord said On the Day when it went down to Sheol it caused the lamentation to close the deep over it and it held back its rivers and Lebanon mourned for loss of inheritance.

A generation was held back for their desires were from the view of what they thought they did not have. But in the lamentation, their hearts were softened but many went down to the pit. But the trees of Eden the choices of the best were comforted in the earth beneath and the Lord restored the roots to make the whole tree holy so the branches should reproduce His glory.

The desire of lack was the broken heart to become something they are not and distorted their thoughts. The view and opinion blocked the glory of God and they reproduced what they saw and what they had was taken away for what is hidden will be revealed and what is secret will come to light. Be careful what you listen to for the abundance was hidden from their sight.

Tobias: 4:12 PM Michael

[Heard a sound from the angels. The sound was also light]

Paul feels the spirit of prophecy

[I see Michael and he is like a horse when a horse cannot stand still. He is getting charged up]

There is a judgment of the nations. It has to come. It has to fall so that the kingdom can rise. It is for the good of all mankind. The judgment is about to fall on the nations. The things that have been hidden since the times of old will come into the open. The ancient ones mysteriously have told.

Today is the day that I set a demarcation so my sons and daughters my children do no longer look back. From this point there is no return. This is the point my people have been waiting for ages to come Here (?) is the kingdom. Jesus said put your hands on the plow and do not look back. The ones that look back

fall away. This is the day of judgment that I have set to change the nations. For real change to come the hidden has to come into the light. Yeshua said, "Everything that is hidden will come into the light. This is the hour, this is the day. My sons go forwards, no longer time to stay. I have marching orders I have prepared for every one of you. Go and take the place I am leading you to. Each one of us has gotten a scroll.

[The Lord wants us to ask him and give him permission that we receive the marching orders, we open it and change our lives into that one]

Paul: Put in conformity with the call on my life so he can send us out

Tobias It is the day of transformation. We are entering the hour and the age of transformation. For all of creation is groaning for the sons of God to come forth and to be revealed so that creation itself can be transformed.

Now something is happening here. Behind me it is pushing forward. It is like a membrane. the membrane is moving forward.

Paul: Ungodly kingdom of heaven.

[Membrane is a veil]

Healing of cancer in all of this.

Michelle: Spirit of Prophecy

I see Michael on a horse – white with silver and speckles. Dazzled horse.

Horse is getting ready to run the derby. I can see the gate is open. Michael looks at me and he looks down because the flaming sword is next to him.

The flaming sword is light. So it is vibrating. Your word is a lamp unto my feet. We only see 1.5% of the entire light spectrum.

The eye of Melchizedek. I see the rainbow.

The menorah is an arc.

For our branches to be healed in our eyes you use lasering. The flame brings healing into the branches that have been corrupted by things you see just driving down the street. The billboards defile the temple of my people. Your eyes must always be on me. You must only look up when I tell you to look up.

I can expand your light for the purple spectrum of my light vibrates at the highest levels to the coolest levels. I will use My light to reflect in My eyes and heal the branches. No more cataracts. No more blindness. Vision can bring healing. You can just speak the one word because the vibration of your words will vibrate into someone else and bring healing into the corruption of the branches so they can be made whole.

If they close their eyes and they don't want to see it, it is their free will. Your shalom is the key. You must speak shalom so that through shalom you destroy the words of chaos. If the house does not hold it, the shalom comes back to you. The flaming sword is going with Michael through the gate. When it is time to be released the light will refract. The light will reflect and correct the refractions that are disordered.

As there is an emerald rainbow around the throne of God. The center point of the rainbow is green. Stay in My life and you will stay in My light. Come abide in the realm of I AM in my heart with compassion to do miracles.
