John read the scroll

This is real, says the Lord. And we need to have this at this time to press forth My Kingdom. So please do not think this is not real.

Holy, holy, holy is the Lord God Almighty who was and is and is to come. I am among you. Do you feel my fire? I am going to blow through this place. The whirlwinds are coming. The mountains are coming. The land will release it's treasure. Things that are in the darkness will be exposed, exposed, exposed. Come to the light!

Pastor Dorothy

I heard the Lord say he is putting things back together. He is putting buildings back together. The houses we live in, the houses that people we know live in. It will only take a word. It is not like it used to be, it will only take a word. He will do it overnight. He said, wash your feet because water is coming in the house. Wash your feet. Have your feet clean because water is coming into the house.

Paul Cox

This is the flaming sword of the Lord. I sense major deliverance as we walk through the sword. Form a line and walk through the sword.

On Pentecost – May 30 – our friend Rachelle – the Lord said I am going to do a deliverance on your DNA, RNA and mitochondria. The deliverance lasted 54 days but it came when I walked through the sword of the Lord. The deliverance lasted until September when I asked the Lord for a break. I am just coming off of my break now.

I feel healing in the sword. My future grandson-in-law said, the flaming sword is a living being. The sword goes between bone and marrow. It is going to cut to the chase – DNA, RNA and mitochondria – on the cellular and sub-cellular level. There's healing.

Brian asked if we should take our shoes off and walk through it with clean feet in response to the word.

Ezekiel 44:4 is the North Gate. They are looking for the South Gate – 40:24. There are windows and pillars.

The Lord has thrown us into the deep end, friends. We're not going into the deep end, we are already in the deep end.
