**Subject: Convergence at Bishop**

Hey Paul,

I am sending this to you with the fear of the Lord, and after taking counsel/receiving confirmation from others. (Michele and Barbara have both contributed/confirmed and Barbara said to tell you she "got a hit" on the word of warning below.)

We believe the Lord gave us some revelation through various dreams, discussions, prayer experiences and encounters with Him about what could possibly be one of the reasonings for gathering in Bishop for Aslan's Academy this weekend. So what I am sending you is the culmination of a group effort of unpacking over days, and many hours what the Lord has given to Barbara, Michele and myself.

I humbly submit that I discerned that what will take place on October 31st in Bishop is about the contention over the deep, over the wells, and over the weapons the enemy has and was not meant to have.

The Lord then gave me this word which came with heavy fear of the Lord and immediate repentance for any and all pride, disunity, and refusal to recognize who we are. I feel as if what you all are to do in Bishop may be so pivotal and heavy that I have a sense the Lord MAY want this warning read before you begin, and I humbly submit that for confirmation. I feel very awkward about it, as it is very sharp and uncomfortable.

"This is a warning against disunity.

This is a warning against immaturity.

This is a warning against division.

This is a warning against the hot heads.

This is a warning against pride.

Stay in your lane.

Work in unity.

Honor one another.

Honor Me.

If you cannot, get out.

Because what you have to do is of global significance.

My daughter Briana is right,

This is about the wells. This is about the deep. This is about siezing back territory that was given away before mankind.

This is about siezing weapons the enemy was never meant to have.

This is about timing.

So stay in unity and stay in me. Because if you do not, the price is costly, and you were not meant to pay it.

So if you cannot be mature, leave.

If you cannot percieve, leave.

This is not a game, and you must each stay in your lane. For this is my battle and it will be won. With or without you.

Make your choice for you were called to this place for a reason and such a time as this. But if you refuse to see yourself as you are, then you will cause all to fall.

Here is the extended version of some of the revelation being unpacked, and I will list links for historical context/reference,

Before the unpacking of this revelation, on Oct 24th 2020 Barbara and I had an experience together where the Lord had led us to pray to invite Him into the church and take over. As we did this, He took us to an Ancient door, which He said had not been opened for many thousands of thousands of years.

As the door creaked open, Barbara and I were standing on the threshold, and Barbara was given a gold flashlight and I was given a silver flashlight. As we enter the Lion of Judah is roaring in one long roar and the reverberation of his roar was echoing all through the place. It was a dark place and there was joy there and it felt like we had entered a new place of the deep where there was new unexplored territory of deliverance. It felt as if humans had not explored here and I heard the Lord say this door had not been open for many thousands of thousands of years.

(So I am feeling there is new unexplored territory of the deep and deliverance that we are now in)

Before I get to that, on Oct 31st, you will be at a conference in Bishop Ca, I will be at a conference hosted by Chuck Pierce in Clarksville TN, and Dorothy Priester is hosting a conference in SC on the gift discernment. As I am looking at the map, you could almost draw a straight lateral line between the points where we will all be.

🗿👤 Don't ask me what that means or why Jesus said it's relevant! 🗿🗿👤

Sometime this summer Michele had read an article regarding Scientist in Israel discovering the exact day that Joshua ordered the sun to stand still being Oct 30th 1207 BC. <https://www.timesofisrael.com/eclipse-stopped-the-sun-for-biblical-joshua-israeli-scientists-say/>

Then you Paul had sent Michele an email on 10/20/2020 regarding entering the Hebrew season of Cheshvan. She was searching for Lori Perz actual website but found an article written ONE year prior listing out all these dates that crossed over these three events we will all be at different parts in the United States.

*In great fear of GOD this all came forth suddenly speaking at points loosing my breath for it was so full of passion and command and the fear of GOD. There was also a vision along with the word that I was seeing unfold. I felt I was standing on a green mountain top where one could see a circular view, it felt like a place where troops would be released in battle as one would sound the CHARGE being on the lookout. I could feel the roar of the Lion of Judah AND I could hear the Roar of the Lion of Judah as I was speaking. Then I saw what seemed to be the best way to describe like highways up in the air and they were very long waves of light in the color of a rainbow. I could see what seemed to be Mighty Ones who were traveling to their destination on these Rainbow spectrums of light highways on dazzled horses (white with speckled grey spots). Some would travel together or in groups and some were individual. The highways seemed to be pathways that would lead them to where they were being commissioned to go. They rode with fierceness and bravery and focus and yet could hear me as I was releasing this "CHARGE" from The Lord.*

Isaiah 35:8 Thought could these spectrum of rainbow light be a type of Highway described here??

' And a highway shall be there, and it shall be called the Way of Holiness; the unclean shall not pass over it. It shall belong to those who walk on the way; even if they are fools, they shall not go astray. No lion shall be there, nor shall any ravenous beast come up on it; they shall not be found there, but the redeemed shall walk there. ' Isaiah 35:8-9

Here is the long version:

On October 25th 1854, a historical event took place called The charge of The Light Brigade. This took place during the Crimean war, (which began in/around Jerusalem) and the ensuing disaster ended up shaping history and resulted in great loss, both of life and ground for the British against the Russians.

Although the bravery of the men in the Light Brigade has been celebrated for over a hundred years, it was a needless tactical loss that boiled down to 3 things: Miscommunication, Immaturity, and Disunity.

The object of the mission was to prevent the Russians from stealing artillery guns. Commander in Chief gave orders to the commanders of the heavy and light brigades to "take any opportunity to cover lost ground"

However there was a miscommunication and the initial instructions were misunderstood and resulted in confusion with the brigade commanders being in disunity, receiving false information, missing information due to personal conflicts with the brigade commanders, failure to check information, and finally, the deadly lead of what has been described as the suicidal charge of the Light Brigade straight into the enemies guns by a young Captain who received orders to "follow the enemy and prevent them carrying away the guns"

This young Captain through immaturity, and a love for battle that only the inexperienced warriors have, greatly exaggerated his orders and misinterpreted them, and lead the Light Brigade into a charge of the enemy's guns (it's been said he led them into the valley of death) that almost immediately killed him, and his brigade sustained almost 40% casualties.

The Russians made off with their guns and the city wasn't surrendered to the British until a year later.

This battle took place in Balaklava Russia near the Black Sea.

On October 31st 1917 In Beersheba (the Hebrew word means Well of Covenant) Israel, another historic battle took place, this time with the Australian 4th Light Horse Brigade. Their objective after advancing across the Sinai and Negev deserts was to seize Beersheba because seizing it meant the key to seizing Jerusalem back from the Turks.

Wells had been dug in the south of Beersheba and they had to take the city within 24hrs or the men and horses would die of thirst.

The brave charge at 7am Oct 31 1917 by the 4th and 12 regiments of the Light Brigade to take Beersheba was successful and happened moments before the Balfour declaration was authorized which supported the Jewish state in Palestine.

They employed a very dangerous hand to hand combat as they rode over and through enemy trenches, leaping off their horses to use their bayonets in an unexpected move.

This victory was a pivotal moment that changed history and the course of WW1

Interestingly enough if you look on a map, both Light Horse Brigade battles happened almost within a straight vertical line of each other on the map although miles apart as they took place inside the same longitude/latitude. And if you count 12 long/lat spaces from where the battles took place, you will end up in the same latitude, (30° and 45°) California where you are. I'll include pics with notes on the globe to help visualize!

On October 31st 1517 Martin Luther nailed his 95 theses to the door of the Holy Roman Church which sparked the reformation that changed the church forever.

I think the stories of the 2 Light Brigades, the first unsuccessful, and the 2nd so successful it had to do with Israel's history being changed, was for our learning. If we are to be moving into successful attack mode as God's Light Brigade, we must learn from what happened with the unsuccessful first. One went with pride, reckless abandon, lack of communication, disunity and strife, and the fatal refusal to interpret commands correctly.

One went with strategy, humility, and boldness backed by forethought and everyone working together in an unexpected tactical move.

I believe the Lord is relinquishing the "Charge of the Light Brigade" from those who are immature and unwilling to recognize who they are in Christ and giving "The Charge of the Light Brigade" to the mighty ones who are prepared to walk in the fear of the Lord, in unity, and honor with each other.

I also have a sense that this has to do with time and maybe the redemption of things given up by the tribes in baal worship. I believe possibly the convergence in Bishop may be where the Mayans were, and if so, possibly may be where the Mayans first brought baal worship to North America via California. The Mayans were heavily involved in perverting time and I believe they built on what the Babylonians began with the zodiac and twisting of the Mazzaroth.

I believe they also worshipped the Mazzaroth.

I am glad it's up to the Holy Spirit to make this all come together if/as He confirms! Sending love from Kentucky, Briana
