Rob

Angel of the Lord

There is a mystery for a revelation that the Lord has already given you. Palmoni is going to further reveal insight that will be one of the keys to releasing the Lord's power in this hour. When the throne manifest in the heavenly places plug My people into the socket. Plug into the throne and the heavenly electricity will flow. The throne is connected to the vault but you have to purposely plug in to receive the Lord's power. Reproduction for the making of God's disciples and warriors who flow in supernatural power will have plugged into the throne. Ministries will abound and move forward and advance the Lord's kingdom when they are in sync with the throne.

The cherubim are a part of this. When you commission the Lord's people and you commission the students of the institute they will each be given flaming swords which will be empowered by the Lord via the throne. It is not just about commissioning it is about giving my people weapons of mass destruction that will pull the kingdom of darkness down. This is all about breakthrough. This is about advancing the kingdom of God. But you must warn and admonish my people not to receive the flaming sword if they are hiding their secret sins. Only the clean will walk in the highway of holiness. The Lord doesn't need everyone to wield the swords. He simply needs those who have a heart after Him like David. The horses are involved in this for they will carry my people into the heavenlies with this. They will carry my people into battle. The spirit of Elijah has gone before you to prepare the way. Now it is time to arise and shine for the glory of the Lord is upon you.

Paul, the Lord originally gave you the vision of putting on young warrior conferences. These sessions were a preliminary experiment to prepare you for what is to come for I am calling my warriors to not only be trained and equipped but to receive power of on high. These are the Daniels that the Lord revealed to you in your dream. A door has opened that cannot be shut. The door leads to an armory filled with weapons that will destroy the works of darkness. When I opened the door have the students walk through to receive their swords so they can be plugged into the Lord's kingdom power.

It seems we are on the sea of glass which is the firmament.
