Spirit of Truth

It is time it is time it is time to prepare the way
For my people have not known the time to prepare the way
Look into my heavenly design
It is all laid out for thee on the cornerstone

I will build thee and I will make thee
And no one says to me, yes, but no I will not go, or yes, but I will not obey.
There is no room in my design for disobedient petulance that throws itself in a tantrum
on the floor

Do you not realize that I AM the Master Builder? And what I say to thee, you will do.
And you will repent for all petulant disobedience when I have said to thee, GO and you
did not Go!
Who are you to think that you can build my design without Me?! You cannot go where I
am taking thee without me, so repent, be healed, and let's go.

Delivered by Byron on 1-17-23

I have summoned you in my timing and in my providence
For an outpouring to the nations
You need to be purified first
Get ready for the "so send I you"
But not yet
Seek purification and equipping
Be free first and receive the word

Let me speak it into your heart
Let it be sown deep
Where your body, soul, and spirit meet
Let the roots sprout into a new network
To be connected to the foundations of my city
For right and clean and holy communication with the Most High
From this place, this new well
Springs forth Living Water
Drawn out from the secret place
Take heart!
Take your heart and let it beat again
Awaken with healing in your hands
With new words of grace
With new connections to my grace and power

The Kingdom of God is near
The Kingdom of God
The King

Prophetic Words

The King is coming
The King has come
All rise

Delivered by Byron 1-18-23

The Elders and Angels have gathered
At the Gate of the Kingdom of God
Godly authority and wisdom are here
We are all here together as one

Welcome today into the Kingdom of God
It has come near to you
Where righteousness is revealed
The orphan and the widow are tucked in close
Their needs are yours, you just don't know it yet
Their hurt is yours
Their pain is immense
But this is the Kingdom
Bearing with each other, carrying each part to the cross
Bear witness to the ruin of the fallen sons
Come and see the removal of their rights to shame and oppress
You are so impressed with kings and queens, you have called them stars
Their rule is coming to an end, the abolition of the slaves
Let my light shine in you
Just stand and shine the light of my glory in you
Be the lighthouse
That's your part
Now watch me do mine

Delivered by Briana 1-19-23

Wisdom speaking
I am moving you from self sufficiency to My sufficiency

Do not let the pressure of the ungodly horde move you from My sufficiency.
It is okay to make mistakes, despite what the ungodly horde may say

I do not vindicate you from the foolish
The foolish stand alone with no value to their words or thoughts. Their judgement does not matter in the long run.
You are above not beneath.
Do not function and operate in response to the foolish

You will walk wisely today

Prophetic Words

For my wisdom is upon and in you

Go. And don't be afraid
