

Rejoice, oscillate. Rejoice, I have broken the parts that bind your roots. I have shaken the soil that is dead and I have called you upwards to beneath the shadow of my throne. Here you are secure, here is provision, and there is more and I say to you, do not come down, do not come down, do not come down. Stay in this place, remain here, do not come down to the field of "oh no." Remain beneath the shadow of my throne and see what I will do and see what I will bring, see what I will show, see what I will destroy and call in my kingdom throne.

You are the depths of his love, for the father loves each of you more than you will ever realize or understand. This you must know first and foremost that you are loved unconditionally but there is a battle cry in the land not only in Hawaii but also in Australia and England and in every state you have come from. For I hear the Lord saying that I will no longer tolerate what has been going on in the world. I am coming with a fire. I hear the Lord saying it is the roar of Aslan, a wave of healing power will sweep across your respective venues, respective lands from where you have come. God is going to place the miraculous in and through you. Do you believe this? Do you believe this? There is power for the hour. A gate of power and a gate of grace for the race ahead. Convergence has taken place right here, right now. For this season, I will light up the land with my fire, the earth will move and the sons and daughters of God shall arise, shall be revealed. For this is a holy moment, for you shall never pass this way again. Moses took off his shoes, we are at the burning bush. This is a holy moment for the Lord is sending you into your respective Egypts to set the captives free. For the Lord is saying to the pharaohs of the land, set my people free! Offshore to your right and to my left, right offshore the waves are building, the waves are rolling in. Get ready for nuclear fission, for the vision because people are going to face the reality that there is a valley of decision that they must choose the Lord in this hour.

I am here, I see your hearts, I hear your cries, I have heard you. Have you heard me? Have you heard me? Have you heard me in the whisper, in the wind, when you were speaking to that friend or family members. You are mine, I have called you to this place. For this time, it is time for you to move, it is time for you to take what I have given I have given you much, I have equipped into you. It is time to move, it is time to step out. I love you, I will never leave or forsake you but this is a call to war, a call to action and it will take everything of you but I am with you, you are mine, you are my people and there are so many of you and you are all mine. There are many who are still not mine yet, I love them, I love all of you. I want more. You are the ones I have equipped, you can see, hear, feel, touch, taste and you discern, you know so go out, touch those around you, feel my love and share my love with them because they need you now. The enemy is moving, do you not see he is moving? He is already implementing his plans. It is time to implement mine. Mine is greater, I am the strategist. I see what he does. I have put you in this time, place because you have a part of the strategy, you are part of my strategy so the enemy cannot know, he cannot hear what I say to you because he does not know me. When you move, he has to react because there is so many of us that know me and move. He cannot be victorious. Do you not see I have given you part of the bigger picture, you are all valuable. If not one of us does your part, the plan does not go as I strategized. There are always

others but you don't wanna be one who is replaced. Be apart of this because I love you and have called you. Hear me in the winds, in the silence, hear me in the quiet, hear me. I love you, I will never forsake you but I will give you the strength and the courage to face the hardships so be prepared, it will not be easy, it is not a simple plan. It will take everything in you but I am with you, hear me, hear me.

The Lord of harvest is here and is equipping us for the harvest, spirit of the fear of the lord is here. Why we had to receive the charge from Paul, do you consent to do the work because once you consent, there is no take back. When you go through the gate, you have become the greater fleet so that the harvest can come, it is total death to yourself, plans, kingdom everything you ever wanted to do. Take these tools that the Lord of harvest is giving us, that we must use and be accountable to give and take these anointings, gifts, callings he has equipped us with. This is his story now, there is no more control. For us to continue to die, so we can live cause that's the only way forward. We have to move with the spirit that gives life, the flesh is no help at all.

- Paul feels that land has accepted us for the first time, at peace with the land. The blessings of the land came on us.
- Leviticus 18:21-29

The ship has left the sandbar and we shout hallelujah. Now the ship will dock, when the ship docks, I am calling you, I am calling you to burn the ship, there is no way back, no way back. Burn the past, burn what you relied on, burn everything that you thought was you, was yours because I have more for you. What you thought you had was small, the mustard seed, it was a mustard seed and now you will reap what that brings and what that was meant for your life. For this is my plan, not your plan. Burn the ships, burn the ships.

#### The Power of Grace

- We have to be like children. When you are constantly wounded as a child, it leads you to not being able to accept grace, fear of punishment.
- Something in us that cannot receive grace
- Children are a gift of God
- Deuteronomy 32:8, Genesis 11
- Unrighteous sons of God over all nations, they shape different culture groups and how families are done
- This shapes how we see God, ourselves, and everyone else
- God wants to heal the child in us that wasn't recognized (feeling of being lost, abandoned, insecure)
- Leave the drama, trauma, wounds of your unhealthy family and join Jesus's family
- Acknowledge that there are still parts in us that are self-sufficient, which at the root is pride and believing that we can do it on our own. We were hurt and judged, we have these self-sufficient areas because we needed to survive. We have to be built up again in Agape love.

Father was wanting to convey his love, but we couldn't receive the full capacity of it:

I love you, I always have but you are mine and I am yours. My love has been poured out on you since Thursday and it will complete this afternoon so I want your heart to be opened and I want you to receive all of me for it is in you. I'm giving you the ability to expand my love in you and take it to the little ones so that they will see in the purity of who I am, that I care for them. My love is reaching out to them, so you are my vessels and I am going to use you. For you are special, anointed, called forth today to make that happen.

Jesus as the son of man

You are here in my presence because I brought you here. I'm in your heart you showed me that by your devotion to me. I see you on your knees, I hear your prayer, I answer your solemn questions. We are here face to face, as you seek me I seek you. When you leave, you will affect all those around you. Everywhere you go where you show up, I show up. Open your hearts some more, surrender surrender, let go let go, rise up rise up.

Interpretation: Get your surfboards and get ready to ride the waves of the Lord. These aren't water waves, it's an earthquake for the land is quaking. This is the 11th month of the 40th year when the Lord began to direct the Israelites out of 40 years of wandering in the wilderness and gave them instructions to begin the process and transition into the promised land. Are you ready to go? Are you ready to go? Are you ready to go? There is a shift that will lift the body into glory, into grace and power. It's birthing, it's being birthed right now. Call it forth, call it forth. Press in.

There is a vault in heaven that needs to be opened, just got the key. The Lord, glory is going to be released from the vault. New wine for a new time. New wine, come and dine with the new wine.

Lift up your heads and let the king of glory come in!  
This is the fear of the Lord

- We are on the second floor of the Upper Room

- We are in the burning bush, fire in between the wheels of the cherubim
- Discerning Moses and Elijah

Release the fire that's holy. Stand in the pools of the water right now the great cloud of witnesses is here now, electricity is being released, going to ripple across the world. I love the universe, the universe I sent my son. Burn of passion for me, I will give you the passion that will give you the compassion that will create the miracles my son walked in.
