GENERATIONAL PRAYER MANUAL, Edited by Paul L. Cox, Brian Cox and Barbara Parker: For almost thirty years, prayers from Aslan's Place have acted as starting points for ministers, groups and individuals as they work to follow the lead of the Holy Spirit in generational prayer. These prayers have been developed during Aslan's Place events, Bible studies, prayer sessions and through revelation. They provide an opportunity to move into new freedom as you exercise your authority through Jesus Christ over your life and family line.

HEAVEN TREK: DARING TO GOD WHERE GOD WANTS YOU TO GO, by Paul L. Cox:

God desires to share His creation with us every day! However, we often focus only on the physical world and never on the 'unseen' spiritual world, the heavenly realms/dimensions. We can explore ALL of God's creation because of what Christ did for us and, through the teaching of the Holy Spirit, ascertain that we use God's Word as the final test of truth. In this book, the author shares how God prepared him for spiritual expeditions. It provides the biblical foundation and understanding to go where God wants you to go. Are you ready for your own Heaven Trek?

SACRIFICE THE LEADER, by Paul L. Cox:

Ever had someone open up to you about his or her burden and pain; and suddenly you find yourself distanced, ridiculed, or even blamed for issues for which you are not responsible? Most people who desire to help and serve others face this situation at some point in their ministry. *Sacrifice the Leader* concentrates on the dynamics that can cause people to make leaders responsible for their burdens instead of looking to Christ for healing. More than 12 key questions

are both presented and answered through Scripture to help leaders avoid situations that encourage this burden-shifting.

COME UP HIGHER by Paul L. Cox:

An exploration of the biblical, theological, and historical settings of forty-two prayers that God has used to impact lives. These are also available in the *Generational Prayer Manual*, but the developmental process of each one gives deeper insight into how all the prayers have been written. The reader may discover more of the freedom that God can bring through all the prayers. This is a great resource whether for personal use, or as a reference manual for prayer ministry with others.

Volume 8: ***EXPLORING HEAVENLY PLACES – DREAMSPEAK*** by Barbara Kain Parker:

This book is about the author’s personal journey into dream interpretation. It’s much more of a this-is-how-God-does-it-with-me account than a one-size-fits-all instruction manual, which hopefully will encourage others to venture out into the heavenly realms of dream exploration.

The solution to the mystery will reveal the secret of a life filled with joy, rest and peace. Biblical insights regarding how our warped perceptions of want, need, lack and expect came to be in the first place are explored. This volume is meant to further equip God’s people to persevere and endure within a worldly system that wants nothing more than to snuff out Christianity.

Volume 13: ***EQUIPPED FOR THE HARVEST*** by Paul L. Cox, Barbara Kain Parker and Brian P. Cox: This book examines how grace, sound, and the battle provide an underlying theme of unity. This unity, essential for God’s Harvest, requires such an understanding for the laborers in His harvest.

Volume 14: ***DISCERNMENT 101: A BEGINNER’S GUIDE TO THE SENSORY REALM*** by Rob Gross:

In the popular tradition of prequels, this guide should be a helpful prequel for both the day-to-

day quest to delve into the unseen nature of God and the entire book series, which explores those invisible realms. Learn in easy-to-understand language exactly what discernment is, as well as how to use it to understand how to 'see' what the Father is doing in any given moment; and then cooperate with Him just as Jesus did.

MYSTERIES OF THE NIGHT: A FRESH PERSPECTIVE ON DREAMS by Barbara Kain Parker and Paul L. Cox:

Not your ordinary book about dreams and dream interpretation! The integration of scriptures that are not usually included in dream discussions shines new light on the subject, helping one move to new levels of understanding about God's amazing gift of dreaming. Explore the concept of dream devaluation; meet the dream killers; consider dreams through the eyes of children; encounter the dream hackers and learn how to deal with false dreams. Be encouraged to unearth a treasure trove of hidden messages from the Lord in old, and perhaps long-forgotten, personal dreams; and to experience dreams through a fantastical faith in our fantastical God.

IN THE MIDST OF THE STORM: STILLNESS by Barbara Parker and Paul L. Cox:

We live in a day that reflects the end-times warnings of both Old Testament prophets and Jesus; and whether the trials we face are personal, national or international, they are often overwhelming. Day by day, the enemy's agenda for the annihilation of mankind through all manner of wickedness swirls about like a hurricane; but *In the Midst of the Storm: Stillness*, a place of peace and rest where God offers a buffer against the raging winds that surround us. Ideally, Christians ought to be able to escape into His presence regardless of what is happening; but sadly, no one ever talks much about the cost of following Jesus. Apostle Paul wrote to the Ephesians about the importance of equipping the saints; and in this book, the authors attempt to do just that; not only examining the requirements of discipleship but also illuminating the stillness, peace and hope that is available in Him; because He meets us where we are, in the midst of life's storms.

GOD'S WORD + GOD'S POWER = EXPLOSIVE CHRISTIANITY by Paul L. Cox, Rob Gross, Barbara Kain Parker: Explosions can be fascinating. Just ask any small child who successfully creates an erupting volcano for a science project or a middle schooler shooting off small rockets. Explosions can be beautiful, as in massive lightning storms or fireworks displays. They can also be destructive, ranging from minor high school chemistry fiascos to bombings to real volcanic eruptions along the line of a Mount St. Helen, Krakatoa or Vesuvius. From the smallest to the greatest, each may have a different cause (i.e., natural, chemical, mechanical, nuclear) but there is at least one common denominator - all are physical events. But there's a different kind of explosion on our horizon, one that will be unique; unlike anything the world has ever seen. Beautiful for some and terrifying for others, it will eclipse anything mankind has ever known. God ordained, it will occur when God's Church is revolutionized and empowered as never before to usher in the return of Jesus, to fulfill His promise in John 14:12 that we will do even greater miracles than these because I go to be with my Father! "How?" you might ask. It all comes down to one simple formula, God's Word + God's Power = Explosive Christianity.
